

MSAS PROFESSIONAL

INNOVATIONS IN HEALTH

BioMeridian has worked with **NAET** for nearly 10 years, and is the world's leading producer and manufacturer of Meridian Stress Assessment Systems. Join the thousands of practitioners around the world using MSA technology.

Our equipment can assist you in finding direct imbalances in your patient's body, giving you vital information that can not be obtained any other way

Our practitioners have used the **MSAS-Professional** to:

- Screen NAET basic food kits
- Create custom single/combination vials from a selection of over 40,000 items.
- Offer non-invasive sensitivity screening
- Validate, track and record patient progress for any therapy or protocol
- Provide complete Meridian Stress Assessment with color printouts.

THE NEW AND INNOVATIVE MSAS PROFESSIONAL
